DELMARVA VETERAN BUILDERS COMPLETES APPI ENERGY FIT OUT

SALISBURY, Md. – October 16, 2014 – Delmarva Veteran Builders, the region’s only commercial construction firm dedicated to bringing employment to U.S. Armed Forces Veterans, announced the completion of an 8,700 square foot tenant fit out for APPI Energy at 2013 Northwood Drive in Salisbury, Maryland.

The project, completed in ten weeks, included interior renovations, upgrade of all interior finishes and new floor plan modifications. Phase 1 of the fit out was completed in less than five weeks to meet strict schedule demands. Phase one consisted of demolition of approximately 6500 square feet, floor plan modifications, and all new interior finishes. Phase 2 consisted of combining two existing spaces into one to meet the needs of the new tenant. The project was delivered in a timely manner to meet the needs of both the landlord and APPI Energy.

“The team from Delmarva Veteran Builders was professional, punctual and delivered a top quality product,” said Walter Moore, President/CEO of APPI Energy. “I was impressed with the quality of the craftsmanship and the crew’s dedication to get the job done within the given timeline.”

“Delmarva Veteran Builders delivers the promise of transparency to all of our customers during the construction process,” said Chris Eccleston, Delmarva Veteran Builders, president. “Our team is dedicated to an integrity matters goal-oriented project delivery method that focuses on schedule, budget, safety, and cleanliness. We realize that every project we complete improves our community and we take great pride to be involved in that process. It is our honor to serve.”
