**DELMARVA VETERAN BUILDERS COMPLETES RENOVATION OF CAMBRIDGE YOUR DOC'S IN**

***Project Marks DVB's 7<sup>th</sup> Medical Office Building***

**SALISBURY, MD** – Delmarva Veteran Builders, the region's only commercial construction firm dedicated to bringing employment to U.S. Armed Forces Veterans, announced completing the renovation of Your Doc's In, at 300 Sunburst Highway in Cambridge, Maryland. The project included interior and exterior renovations of the entire building which covers approximately 3,200 square feet of medical office space.

"We are excited to bring something new to a community that does not currently have a walk-in emergency clinic," said Chris Eccleston, Delmarva Veteran Builders, president. "Projects like this allow us to provide a comfortable, functional space for the professionals caring for patients within that community."

"Delmarva Veteran Builders has a team of dedicated individuals that completed the project weeks ahead of schedule. The quality of their work and their professionalism exceeded my expectations," said Geoff Failla, CEO, for Your Doc's In. "They were willing to accommodate any changes we made and recommended others that saved us money. I couldn't ask for anything more in a contractor and would not hesitate to use them again or recommend them to anyone else."

This marks Delmarva Veteran Builder's 7<sup>th</sup> medical office building project in the company's three year history.
